

# THE WREN SCHOOL PRINCIPLES OF GOVERNANCE

## OUR VISION STATEMENT

*Each child, regardless of background,  
will receive a world-class education and  
be nurtured, challenged and inspired to aim high.*

The Wren School is:

- not a faith school;
- a school for the local community (i.e. the catchment); and is
- dedicated to preparing students to be global citizens.

## PRINCIPLES ESPOUSED BY THE TRUST BOARD OF MEMBERS AND TRUSTEES

- We will work together to involve each other in strategic decisions.
- We will abide by our responsibilities as laid down in our Memorandum and Articles of Association.
- We aim for the utmost transparency and probity of our work and relationships.
- We will manage the membership of the trust board so as not to allow dominance by any vested party (e.g. parents, business, religious groups).
- We recognise the leadership of the headteacher and school senior leaders, keeping operational involvement to a minimum.

This statement was agreed by the governing body of The Wren School Academy Trust on 8<sup>th</sup> October 2015.
