

The Wren School

Maths and Literacy Catch Up Funding 2016-2017

The Wren School is expected to receive £30,000 of funding this year for students who require catch up support in Maths and English. The funding will be used in a variety of ways to help support our students to achieve academically.

- We have already used some of the funding to employ another Teaching Assistant to support in class.
- We are due to carry out our half yearly assessment review. Once this is completed, we will use the rest of the funding to implement necessary strategies and interventions aimed at supporting and enabling our students to improve their levels in Maths and English.
