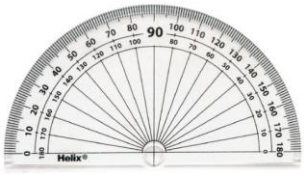
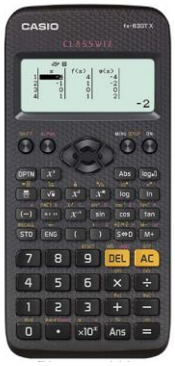
Equipment for Maths Lessons

From September 2020, the Maths Department will be asking for all students to have the following equipment in school each day. This is to aid in school and home learning as well as to reduce unnecessary risks with sharing equipment in the light of COVID-19. If there are any questions or support is needed to meet this expectation then please email Mrs Bover (gbover@wren.excalibur.org.uk)

Ruler

Protractor



Pair of Compasses


Scientific Calculator – we recommend Casio Classwiz fx-83GT X or fx-85GT X for students in Years 7 - 11
